

PETRIE CAPITAL MANAGEMENT LLC

CLIENT RELATIONSHIP SUMMARY

JULY 2025

Petrie Capital Management LLC is an investment adviser registered with the Securities and Exchange Commission. Investment advisory services and fees differ from brokerage services and fees, and we feel it is important for you to understand the differences. [Investor.gov/CRS](https://www.investor.gov/crs) is a website providing free and simple tools to research firms and financial professionals, and which provides educational materials about investment advisers, broker-dealers, and investing.

We encourage you to ask us questions. We provide suggested questions to ask us throughout this Client Relationship Summary, set out from the main text through text boxes.

WHAT INVESTMENT SERVICES AND ADVICE CAN YOU PROVIDE ME?

We offer investment advisory services to retail investors. We offer portfolio management and financial planning services. We first meet with you to gain an understanding of your current financial situation, your short- and long-term goals, and your risk tolerance. We use this information to recommend an investment portfolio specific to your investment objectives and needs.

We monitor client portfolios as part of an ongoing process with regular account reviews conducted on at least a quarterly basis. Reviews are also triggered by material market, economic or political events, or by changes in your financial situation (such as retirement, termination of employment, physical move, or inheritance).

We manage portfolios on a discretionary basis, which means we don't need to call you before buying or selling securities in your account. We obtain this authorization through our signed advisory agreement with you. You can choose to restrict our ability to have full discretionary authority. In these instances, you make the ultimate investment decisions. We offer advice on different types of securities. We have no minimum account size.

For more detailed information about our services, please request a copy of our Form ADV, Part 2A brochure. Our brochure can also be found here: <https://adviserinfo.sec.gov/firm/brochure/136480>.

WHAT FEES WILL I PAY?

We provide comprehensive financial planning and portfolio management for a single combined fee, billed quarterly in arrears. We have two fee options. Our standard annual fee is 1% of the value of your total assets under management with us. For Qualified Clients only we offer the option of a lower annual fee of up to .50% plus a performance fee. The performance fee is a maximum of 20% of all gains in each Account value. Our fees are negotiable. When we charge an asset-based fee, the more assets we manage, the more you'll pay in management fees. We therefore have a financial incentive for you to increase the assets we manage for you.

In addition to our advisory fees, you will pay fees charged by third parties for other services provided to you, including fees charged by your custodian/broker-dealer. Examples of costs you might pay include brokerage commissions, transaction fees, custodial fees, transfer taxes, wire transfer and electronic fund fees. Mutual funds and exchange traded funds also

charge internal management fees, which reduce the return of investments over time. We do not receive any portion of these charges; we are compensated only through our own advisory fees.

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying. Our [Form ADV, Part 2A \(Item 5 and Item 12\)](#) contains more detailed information about fees and costs.

- *Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?*

WHAT ARE YOUR LEGAL OBLIGATIONS TO ME WHEN ACTING AS MY INVESTMENT ADVISER? HOW ELSE DOES YOUR FIRM MAKE MONEY AND WHAT CONFLICTS OF INTEREST DO YOU HAVE?

When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Our primary conflict of interest is our receipt of asset-based fees. For example, if you asked us for a recommendation about paying down outstanding debt or making charitable contributions, versus keeping those funds in your account with us, we have a conflict of interest in making the recommendation because we earn more advisory fees when you keep more assets in your account.

The only direct revenue we receive is from the advisory fees you pay us. However, we have an incentive to recommend our clients use Charles Schwab because we receive other benefits, such as access to research, technology services, and seminars through our relationship with Charles Schwab.

- *How might your conflicts of interest affect me, and how will you address them?*

[Form ADV, Part 2A](#) contains detailed information about our conflicts of interest.

HOW DO YOUR FINANCIAL PROFESSIONALS MAKE MONEY?

Our financial professionals receive variable compensation related to the number of clients served and total advisory fees generated. This creates a financial incentive to solicit and retain clients.
